

Dear Dr. Bennett & Staff

Words can't express how thankful I am for each one of you and your kindness. I didn't think anything could help my headaches. I would wake up with headaches and go to bed with them. I didn't like taking pain medication because of the way it made me feel.

I wasn't for sure chiropractic treatments would help me when my friend told me about it, but I was wrong!! I felt the best I have felt in a long time. No headaches now to make me hurt until I was sick! It is nice to go through the day feeling great when I was so used to the pain.

There are no words to tell you "thanks". You are all truly a blessing. God bless each of you.

Susie McFarland
